Secret Wartime Tunnels Revitalization

English Heritage is working on an exciting project which will combine the special character of the Secret Wartime Tunnels with new presentation, offering a compelling visitor experience which brings alive the events, people and atmosphere leading up to, during and after Operation Dynamo, the evacuation from Dunkirk in May and June 1940.

The tunnels at Dover are an exceptional feature, without parallel at any other English medieval castle. Conceived, built and extended at periods of national emergency, they were used as barracks, military hospital, and both army and navy command centres but their most distinguished role was in the summer of 1940, when they became the naval headquarters for Operation Dynamo.

The story of this pivotal event in the history of World War II will unfold as visitors walk through historic spaces with dynamic displays where original film footage combines with newly created film and soundscapes.

As part of this project, we are undertaking conservation work on some areas within the tunnels and improving the environment to ensure the tunnels and their story can continue to be enjoyed and understood by future generations.

Operation Dynamo: Rescue from Dunkirk opens to visitors on June 5th 2011.

This project is the second phase in a series of planned investments designed to improve the visitor experience at Dover Castle. English Heritage are spending over £2.7m on the Secret Wartime Tunnels, match funding for the CABE Sea Change investment in the Great Tower and visitor admissions building projects which opened in summer 2009. The Sea Change programme aims to drive cultural and creative regeneration and economic growth in seaside towns by funding inspiring, creative and innovative projects, bringing a sense of pride, enjoyment and celebration. Funding Partners in the Sea Change programme for Dover are: Dover District Council, Kent County Council, English Heritage, SEEDA and Dover Harbour Board. The projects are all supported by Dover Pride as part of the wider regeneration plans going forward.

Permission by The Imperial War Museum

It is thanks to our members, paying visitors and supporters that English Heritage is able to fund such vital projects. To become a member of English Heritage or make a donation towards our work call 0870 333 1182 or visit www.english-heritage.org.uk/membership

- A collection of 29 numbered keys, each with a different colored plastic head (yellow, red, green, blue) and a silver metal ring. The keys are arranged in a grid on a white board. The numbers 1 through 29 are printed next to each key. The keys are organized into columns: Column 1 (keys 1-22), Column 2 (keys 2-16), Column 3 (keys 3-28), Column 4 (keys 4-24), Column 5 (keys 5-25), Column 6 (keys 6-27), and Column 7 (keys 7-29). The keys are arranged in a grid pattern, with the numbers 1 through 29 printed next to each key. The keys are organized into columns: Column 1 (keys 1-22), Column 2 (keys 2-16), Column 3 (keys 3-28), Column 4 (keys 4-24), Column 5 (keys 5-25), Column 6 (keys 6-27), and Column 7 (keys 7-29).
